**2025**

# **Accelerating Progress**

Translating recommendations to action

**Teunis van Rheenen**

Head of Partnerships and Business Development  
International Food Policy Research Institute (IFPRI)

# Overview

- Ethiopia has made progress, but it must be accelerated
- It is possible to accelerate progress
- Compact2025 aims to support key recommendations to accelerate progress in Ethiopia

# Ethiopia is committed to ending hunger and undernutrition

## Select national frameworks and plans

**2<sup>nd</sup> Growth and Transformation Plan**

**Seqota Declaration**

**Health Sector Transformation Plan**

**National Nutrition Program II**

**Agricultural Sector Policy and Investment Framework**

**Nutrition Sensitive Agriculture Strategic Plan**

## Sustainable Development Goals

# Progress has been made, but it must be accelerated to end hunger and undernutrition by 2025

Prevalence of undernourishment in Ethiopia (%)

Prevalence of under-5 child stunting in Ethiopia (%)

# It is possible to accelerate progress

- Global community has higher priority on ending hunger and undernutrition
- Successful countries have shortened the learning curve
  - Large successes in reducing hunger have been country-led, e.g. Green Revolution in Asia
- Greater awareness of cross-sectoral issues
  - Access to water, sanitation, and hygiene (WASH) linked to child stunting reduction
  - Women's empowerment in agriculture → better productivity, agricultural and dietary diversity, food security, nutrition

# Compact2025's approaches for accelerating progress

## Engaging countries

## Stimulating knowledge and innovation

## Supporting initiatives and partnerships

# Facilitating South-South learning workshop in Bangkok

- Shared lessons on Thailand's success and experiences from other countries with over 50 stakeholders from Africa and Asia, including C2025 Focal Countries
- Key points from meeting include
  - Nutrition efforts must be country-driven
  - Research is critical for producing knowledge and policy advice for government
  - Community-led mobilization with M&E, supported by modern technologies, can improve tracking at all levels
  - The private sector can play a key role in supporting nutrition efforts given the right policy environment
  - Mutual learning by bringing together different countries, stakeholders is critical

# Compact2025 Forums in other focal countries

## Bangladesh

(October 4, 2017)

Signed agreement to establish K&I Hub to support Governance Innovation Unit in Prime Minister's office

## Rwanda

(October 23, 2017)

Advanced plans to provide support to Rwanda's Coordination Secretariat for nutrition with knowledge and innovation

## Malawi

(October 31, 2017)

Discussed progress on "Moving from relief to resilience" with plans for Compact2025 to support resilience-building programs

# **Recommendations for accelerating progress in Ethiopia—and how Compact2025 aims to support them**

# A look back one year ago

## Compact2025 Ethiopia Roundtable Discussion (March 28, 2016)

- Convened over 75 stakeholders to discuss how to accelerate progress
- Participants offered five key recommendations
  - Fill data and knowledge gaps
  - Develop policies and accountability for better nutrition
  - Enhance implementation and scale-up of programs
  - Improve coordination
  - Strengthen capacity

Compact2025's proposed plans

## **Develop a technical support unit NIPN**

- Compact2025 will support the Ethiopian NIPN Technical Advisory Project (ENTAP) by
  - Providing overall management to the project
  - Drawing on network of researchers for range of expertise
  - Producing financial and technical reports
- Compact2025 is an umbrella for ENTAP activities

**Compact2025 uses research, innovation, and partnerships to help eliminate hunger and undernutrition in Ethiopia and beyond**
